LED Shop Lights

The LED Shop Lights are perfect to replace traditional fluorescent tube fixtures in both commercial and residential applications. These integrated LED Shop Lights provide 50,000 hour of maintenance-free operation. Developed with a built-in on/off button or on/off chain; they can be chain mounted via the chain and hooks, mounted flush and under cabinet. These LED Shop Lights are ideally suited for garages, workshops, utility rooms, work stations and basements.
