

TIER 2 ADVANCED POWER STRIP

Like a power bar, just SMARTER.

The Tier 2 Advanced Power Strip is designed for a fast, no-fuss home installation into TV/Audio Visual environments and works with all types of AV equipment.

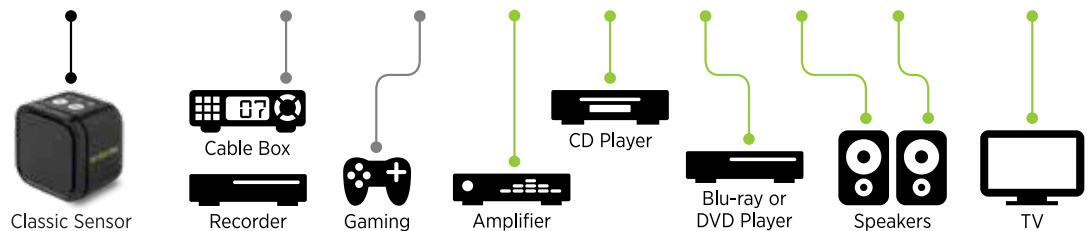

- 1974 Joules
- 8 Outlets:
 - 6 Power Saving Outlets
 - 2 Always On Outlets
- 4ft Power Cord

TIER 2 ADVANCED POWER STRIP

This Tier 2 Advanced Powerstrip is an energy saving device suitable for all audio visual devices; saving energy and money for your equipment when they are not being used. The Classic Sensor receives signals from any of your remote controls and recognizes when you are interacting with your Audio Visual components.

Core energy saving and product retention features

- A 64K advanced microprocessor that delivers superior control and high capacity analytics
- IR shielding (both hardware and software) technology protects from stray CFL and sunlight IR
- Power monitoring circuit, sensing True RMS Power across all controlled outlets (via current and voltage sensing) for reliable control
- Works and adjusts to all AV equipment types automatically
- Adjustable Active Power down timer control in three lifestyle settings
- Six controllable device outlets and two Always On outlets
- Dimmable LED for bedroom environments to avoid disturbance
