

## COMPACT REFRIGERATOR

### Great for extra storage

Greenlite's ENERGY STAR compact fridge is perfect if you're in need of extra fridge space. With its compact size and style, this larder fridge will suit any room in your home. With adjustable feet and a reversible door, you can be sure that this Greenlite appliance will fit perfectly into your kitchen, utility, playroom, office or even your bedroom.

This Greenlite's ENERGY STAR compact fridge offers 1.7 cu. ft. of space, perfect for drinks and snacks or to use as an overflow fridge. With 1 wire shelf and a door rack, you can safely store bottles and keep everything organised. Plus, the manual temperature control ensures that you're always in control of keeping your goods at the perfect temperature.
