

LED Lighting - HIGH EFFICIENCY LED BULBS

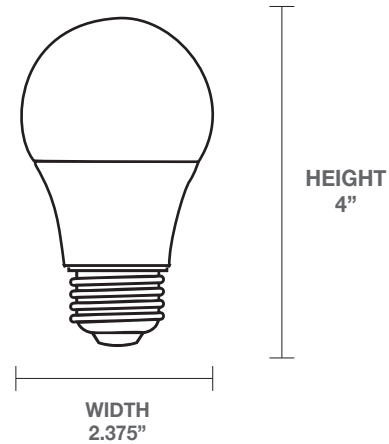

Greenlite's High Efficiency LED bulbs for general household use are groundbreaking. As the lighting industry advances, Greenlite continues to deliver innovative lighting solutions for significant energy savings. These High Efficiency bulbs, identical in size and shape to traditional LED A19s, boast 133,137 and 145 lumens per watt, a 5x longer lifespan, and over 90% energy savings.

PRODUCT SPECIFICATIONS

Light Source	LED
Bulb Shape	A19
Base	E26 Medium
CCT	3000K - Bright White
UL Location Rating	Damp
Warranty	3 Years
Certifications	cULus, RoHS

DETAILED DIMENSIONS

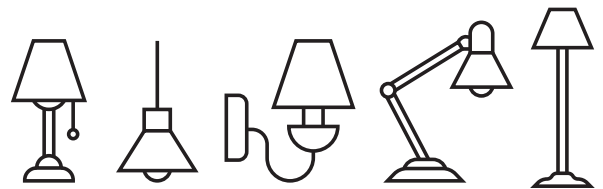

FEATURES

- Shatterproof 
- High lumens per watt 
- 90% energy savings
