

Air Quality and Home Safety

6-Year Battery-Powered Natural Gas Alarm

Keep your home and pets safe with Greenlite's 6-Year Natural Gas Alarm.

BENEFITS

- 100% Battery-powered.
- 6-Year Battery-powered and product service life.
- Protection for less than 3¢ a day. No cost to operate.
- No extension cord or outlet needed.

FEATURES

- Be alerted to a gas emergency up to 11 minutes sooner than other technologies.
- Harsh household chemicals and sprays will not trigger a false alarm.
- 100% Battery-powered.
- Voice alerts in English & Spanish announce warnings of natural gas leaks.
- Self-diagnostics alerts ensure all internal systems are functional.
- Micro-Electromechanical System (MEMS) sensor technology provides accurate and faster Methane gas detection than other sensors.

SPECIFICATIONS

Dimensions	W 3.35in x H 3.94in x D 0.87in
Conforming Standards	FCC certified and listed to UL 1484, MEMS sensor listed with UL 2075 Methane Sensors Listed to UL STD 2075
Detection Principle	MEMS hot-wire semiconductor sensor
Target Gas	Natural Gas (Methane)
Operating Temp. Range	32°F (0°C) to 122°F (50°C)
Operating Humidity Range	5% to 95%, no condensation
Power Supply	3V Lithium battery
Alarm Level	10% LEL*
Speaker Output	85 dB @ 10 ft
Installation	Wall mount with included hardware or pipe mount with cable ties

* LEL, short for "Lower Explosive Limit", is defined as the lowest concentration (by percentage) of a gas or vapor in air that is capable of producing a flash of fire in presence of an ignition source (arc, flame, heat).
