

WEATHERIZATION

Switch and Outlet Sealing Gaskets & Safety Caps

Keep Drafts Out!

Greenlite's weatherization products are to protect your home from the outside elements in order to maximize energy efficiency. Protecting your home from the weather outside is important for every season, not just the colder ones!

Reduce
Heat Loss.

WEATHERIZATION

Air Sealing Switch and Outlet Gaskets Covers

Our Switch and Outlet Sealing Gaskets eliminate drafts, insulate and help conserve energy when used in exterior wall receptacles.

Air Sealing Safety Outlet Caps

These easy to use child safety caps help to saves energy by eliminating drafts through vacant outlet receptacles. It also keeps children safe by preventing them from inserting objects into electrical outlets. To use simply insert outlet plug into electrical outlets.
